ABOUT US

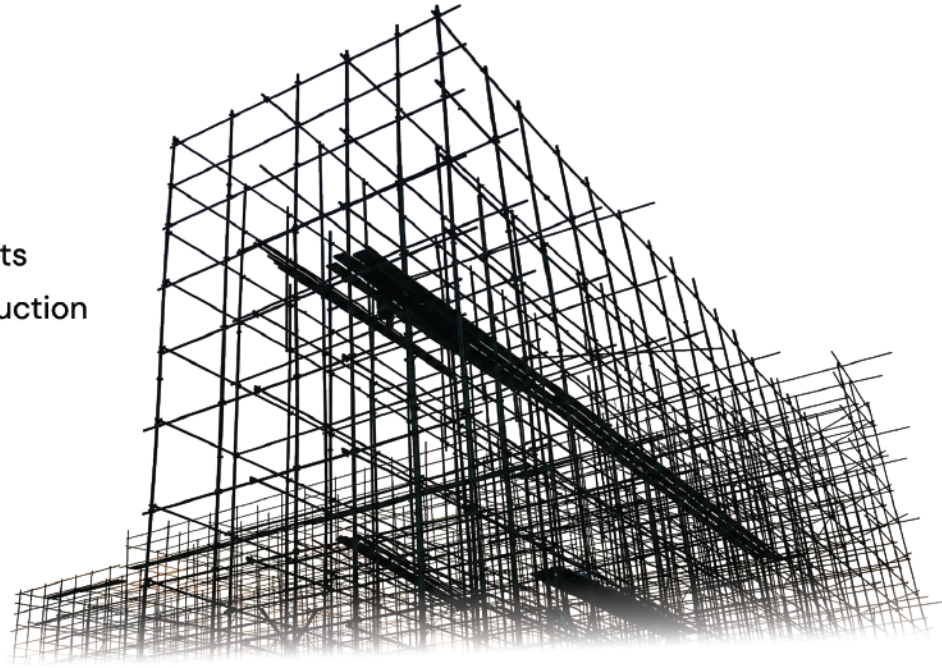

Jagannath Scaffolding Private Limited is a trusted name in the construction industry, delivering high-quality scaffolding and shuttering solutions for infrastructure and building projects across India.

We specialize in manufacturing, hiring, and installation of advanced scaffolding systems and steel shuttering materials that ensure safety, durability, and efficiency at construction sites.

At Jagannath Scaffolding, we work closely with builders, contractors, and developers to understand project requirements and provide practical, cost-effective, and reliable support systems. Our commitment to quality standards, structural stability, and timely delivery enables clients to execute projects confidently and efficiently.

WHY CHOOSE US

- ◆ High-quality raw materials
- ◆ Durable & corrosion-resistant products
- ◆ Accurate dimensions & sturdy construction
- ◆ Pan India presence
- ◆ Timely project execution
- ◆ Customized scaffolding solutions

OUR SERVICES

Manufacturing

High-quality scaffolding systems and steel shuttering products manufactured using advanced machinery and premium-grade raw materials.

Products Include:

Mild Steel Shuttering

Mild Steel Scaffolding

Construction Accessories

Rental Services

Affordable and flexible rental solutions for construction and infrastructure projects of all scales.

Products Include:

Mild Steel Shuttering

Mild Steel Scaffolding

Contractorship

Professional scaffolding installation and project support services executed by experienced teams ensuring safety and structural reliability.

Products Include:

Scaffolding Installation

Site Support

Structural Assistance

PRODUCT PORTFOLIO

Our products are widely appreciated for their longer service life, dimensional accuracy, corrosion resistance, and sturdy construction.

VERTICAL / STANDARD

Strong vertical support components designed for maximum stability and load-bearing performance in scaffolding structures.

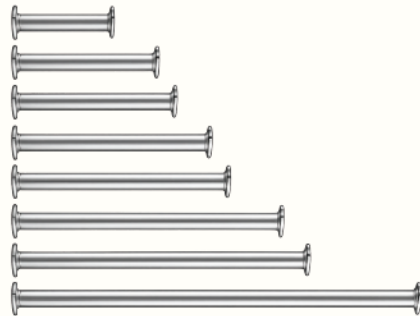

Size	Weight	Size	Weight
3 MTR	13 KG	1.5 MTR	6.5 KG
2.5 MTR	11 KG	1 MTR	4.5 KG
2 MTR	9 KG	0.5 MTR	2.3 KG

HORIZONTAL / LEDGER

Horizontal connecting members that provide structural balance and secure alignment in scaffolding systems.

Size	Weight	Size	Weight
1950 MM	6.6 KG	950 MM	3.4 KG
1450 MM	5 KG	850 MM	3 KG
1150 MM	4 KG	500 MM	2 KG

BASE JACK

Heavy-duty adjustable base support used for leveling scaffolding structures on uneven surfaces.

Size	Weight
600 MM	4.5 KG
450 MM	3.5 KG
300 MM	3 KG

U JACK

Designed for beam and slab support applications, ensuring stability and accurate height adjustment.

Size	Weight
600 MM	4.5 KG
450 MM	3.5 KG
300 MM	3 KG

JOINT PIN

Precision-engineered connecting component used for joining vertical scaffolding pipes securely.

Size	Weight
250 MM	0.6 KG

CLAMP

High-strength forged and sheet clamps ensuring secure pipe connections and structural safety.

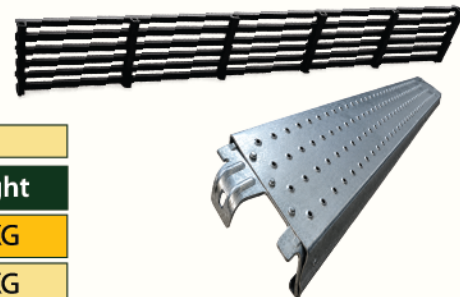

Type	Weight
Forged (Fix & Swivel)	1 KG
Sheet (Fix & Swivel)	0.7 KG

WALKWAY CHALLI / PLANKS

Heavy-duty construction platform system designed for worker support and material handling.

CHALLI		PLANKS	
Size	Weight	Size	Weight
0.5 x 2 MTR	16 KG	230 x 1200 MM	10 KG
		230 x 1500 MM	11 KG
		230 x 2000 MM	14 KG

PIPE

Industrial-grade scaffolding pipes manufactured for superior strength, durability, and long service life.

Size	Weight
6 MTR	20 KG
3 MTR	10 KG

PROP JACK

Adjustable support systems widely used for slab and beam support during construction activities.

Size	Weight
2 x 2 MTR	17.5 KG
2 x 3 MTR	20 KG

ACRO SPAN

Reliable adjustable spanning systems suitable for large slab and beam construction support.

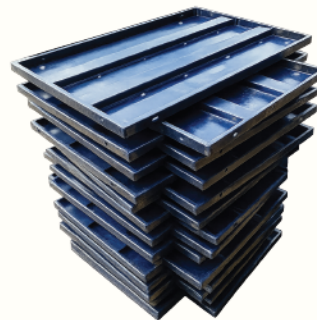

Size	Weight
2.5 x 2.5 MTR	40 KG

STEEL PLATE

Durable steel shuttering plates designed for high-strength concrete support and finishing applications.

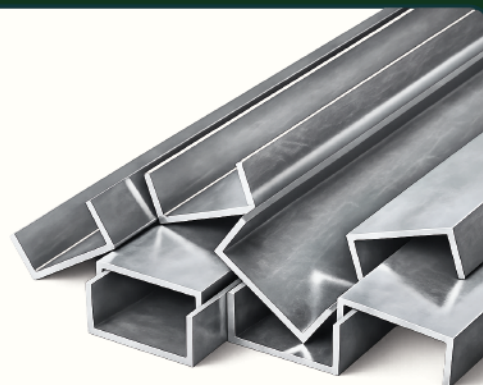

Size	Weight
600 x 900 MM	13 KG
600 x 900 MM	16 KG
600 x 900 MM	21 KG

CHANNEL

Heavy-duty steel channels used in structural support and scaffolding frameworks.

Size	Weight
6 MTR	36 KG
3 MTR	18 KG

PRODUCT HIGHLIGHTS

Corrosion Resistant

High Load Bearing Capacity

Durable Construction

Precision Engineered

Easy Installation

Long Service Life

OUR PROJECT PRESENCE

We proudly support infrastructure, residential, commercial, and industrial construction projects across India through our reliable scaffolding and shuttering systems.
